

STOP WORKING IN THE DARK

## Expressions of Interest – ICT Lead

*Over the last five years, Minetec has developed a unique Wi-Fi based, real time, physical asset tracking 'enabling technology' for mining. Used predominantly in underground hard rock mines Minetec has layered value added software solutions that play in both the safety and productivity spaces. There are many unique value propositions inherent in the overall solution set.*

*The last 12 months in particular has seen a rapidly growing demand for this revolutionary capability and numerous channels to market have made themselves apparent. Because of this evolving model, Minetec is on the lookout for a particular set of skills that are adaptable to a constantly altering commercial landscape.*

Minetec is seeking expressions of interest for an ICT project delivery role based at Mawson Lakes for an upcoming exciting project.

You will have an outstanding technical ability that you will put into practice focusing on project-based work and supporting both local and remote customers.

Responsibilities of the role include:

- Audit, Design, Configure and Deploy ICT networks
- Plan and perform network upgrades and working with customer stakeholders
- Plan disaster recovery arrangements
- Update records, device schedules and network configuration
- Provide basic network training
- Actively participate in project team planning and implementing advanced ICT networks
- Factory Acceptance Testing
- Site Acceptance Testing
- Product support
- Technical writing
- Hands on ability in the field

### What you'll need

We are looking for someone who has the ability to meet tight deadlines, strong document writing skills and knowledge in Linux, virtual environments, wireless technology, and databases, with a willingness to provide general IT support.

The image shows two workers in silhouette standing in a dark, rocky tunnel. The worker on the left is wearing a hard hat and a tool belt. The worker on the right is also in silhouette. The background is a rough, textured rock wall. In the top right corner, the word "MINETEC" is written in a bold, white, sans-serif font with a small trademark symbol (TM) to its upper right. Below the image, there is a solid black horizontal bar containing the text "STOP WORKING IN THE DARK" in white, all-caps, sans-serif font.

MINETEC™

STOP WORKING IN THE DARK

A degree in Network Security or similar is preferred, but not essential, coupled with a minimum of 5 years' experience in a similar role.

This position will require domestic and international travel from time to time.

Take a leap in your career and express your interest in this upcoming role. For more information, please **email queries only** to: Melissa at [careers@minetec.com.au](mailto:careers@minetec.com.au)
