

STOP WORKING IN THE DARK

## Project Manager - Software

Minetec, a member of the Codan Group of Companies, is an established service partner to the mining industry. The company designs, manufactures, delivers and supports a range of productivity and safety products and solutions for underground and surface mining operations.

Minetec is the only mining solutions provider globally to offer a single platform for safety and productivity solutions. Our people are committed to defining and achieving ambitious goals and to drive continuous change.

We currently have an opportunity for a **Project Manager - Software** with strong communication skills to provide technical leadership to the team.

As a key member of the project delivery team based at Bibra Lake, you will be responsible for:

- Identifying and planning project 'products' to be delivered in accordance with project management policies and processes
- Communicating with customers and stakeholders on project processes
- Developing and maintaining project schedules on MS Project Server
- Maintaining time and cost performance schedules
- Managing interdependencies of deliverables and resources
- Producing regular status reports, monthly reports and milestone reviews

As a highly skilled Project Manager you will possess the following experience, skills and attributes:

- Engineering Degree in Software or similar Diploma/Bachelor's Degree in Project Management or similar
- 3-5 years' experience in Agile development methodologies
- 3-5 years' demonstrated experience in managing technological change projects
- Working knowledge of Jira
- Experience and ability to lead and manage small teams
- Mining experience would be well regarded

If you are passionate about project management, want to lead high performing teams and deliver software projects into the Mining Sector, you are encouraged to apply.

A black and white photograph of two workers in a dark, rocky tunnel. The workers are silhouetted against a light source, possibly a headlamp or a distant light, creating a dramatic effect. The tunnel walls are rough and textured.

**MINETEC™**

**STOP WORKING IN THE DARK**

Please address applications, including a cover letter and CV, to Melissa Svilicic, Human Resources Business Partner at [careers@minetec.com.au](mailto:careers@minetec.com.au). Salary package will be commensurate to the successful candidate's experience.
