Directors' Recommendation

SPECIAL BUSINESS**Resolution 5 - Approval of the grant of Performance Rights to Mr Alfonzo Ianniello - STI****Background**

At the 2004 AGM, shareholders approved the establishment of a plan called the Performance Rights Plan (**Plan**) as part of the overall remuneration strategy of the Company. The Plan provides for the issue of performance rights (**Performance Rights**) to executives of the Company invited by the Board to participate in the Plan. The exercise of Performance Rights results in the issue of fully paid ordinary shares in the Company (**Shares**). A copy of the Plan Rules is available on the Company's website www.codan.com.au. A brief summary of the Plan Rules is set out below.

The Plan is to focus the CEO and other Executive KMP on the creation of sustainable shareholder value. Details of the Company's executive remuneration philosophy and objectives can be found in the 2023 Annual Report.

Mr Alfonzo Ianniello was appointed as Managing Director and Chief Executive Officer of the Company on 4 January 2022, and at the 2022 AGM, approval was obtained from the Company's shareholders for the issue to Mr Ianniello of 57,019 Performance Rights (as part of his long-term incentive (**LTI**)) for no consideration and at nil exercise price in accordance with the Plan. Since that approval, 57,019 Performance Rights were issued to Mr Ianniello on the terms as approved.

In addition to the issue of Performance Rights as part of his LTI (as set out in Resolution 6), the Board has determined that Mr Ianniello's short-term incentive (**STI**) should be at least 50% equity-based and accordingly he has been invited by the Board, and is entitled, to participate in the Plan and to be issued with Performance Rights relating to his STI if approved by shareholders at this AGM.

No other directors have been invited by the Board to participate in the Plan.

Details of any Performance Rights and Shares issued under the Plan will be published in the Company's annual report relating to the period in which they were issued, along with a statement that approval for the issue was obtained under ASX Listing Rule 10.14. Any additional persons covered by ASX Listing Rule 10.14, who become entitled to participate in an issue of Performance Rights under the Plan after the resolution is approved and who were not named in the notice of meeting, will not participate until approval is obtained under that Rule.

Use of Performance Rights - STI

The Board considers that at least 50% of Mr Ianniello's STI, which is subject to the performance hurdle described below under the heading 'Performance Hurdle', should be satisfied by the issue of Performance Rights to more appropriately align Mr Ianniello's short-term incentive with the interests of shareholders, whilst also structured to encourage Mr Ianniello's retention.

The Board considers the use of Performance Rights as part of the STI is superior to alternative forms of incentives, such as cash, on the basis that the Performance Rights vesting and becoming exercisable and the consequential issuing of Shares in the capital of the Company to Mr Ianniello mean that Mr Ianniello's shareholding in the Company increases, and this creates further motivation for Mr Ianniello to work towards maximising returns to shareholders generally.

Current remuneration package

Mr Ianniello's current remuneration package, effective 1 July 2023, comprises:

- fixed remuneration of \$1,009,750 (inclusive of superannuation);
- a short-term incentive of \$252,437.50 (assuming he achieves the target performance metrics, representing 25% of fixed remuneration); and

- a long-term incentive of \$504,875 (assuming he achieves the target performance metrics, representing 50% of fixed remuneration) through the issue of the Performance Rights (subject to shareholder approval) calculated in the manner set out in Resolution 6.

The short-term incentive has a threshold, target and a maximum percentage of fixed remuneration that can apply (as set out under the heading 'Performance Hurdle' below). The long-term incentive has a target and maximum percentage of fixed remuneration that can apply (as set out in Resolution 6 below). As a result, if maximum target performance is achieved for all metrics the:

- short-term incentive is capped at 50% of fixed remuneration, being \$504,875; and
- long-term incentive is capped at 75% of fixed remuneration, being \$757,312.50.

Mr Ianniello's short-term incentive is subject to meeting the performance hurdles set out below. At least 50% of Mr Ianniello's short-term incentive is to be equity to be delivered in Performance Rights, with the remaining 50% to be cash or equity delivered in Performance Rights (at Mr Ianniello's discretion), and in the case of the Performance Rights subject to shareholder approval.

Shareholders are referred to the remuneration report for further details of Mr Ianniello's remuneration. The Company has not obtained an independent valuation of the Performance Rights.

The value attributed by the Company to the Performance Rights (STI) (as described above and assuming the issue of the Performance Rights is approved), is based on the Company's contractual obligation to provide Mr Ianniello an STI in accordance with the table below under the heading 'Performance Hurdle'.

However, it is important to note that the issue of Performance Rights means that the actual value (if any) of the Performance Rights that Mr Ianniello will receive depends on the extent to which the applicable performance hurdles are met, the volume weighted average share price at the applicable time and the share price at the date of exercise of the Performance Rights.

Based on the above, the Company considers that the value of Mr Ianniello's total remuneration package for FY24 is \$1,767,062.50 (based on STI and LTI target performance levels being achieved).

Reason for Shareholder Approval

ASX Listing Rule 10.14 requires that a company obtain shareholder approval for the issue of securities under an employee incentive scheme to a director, an associate of a director or a person whose relationship with the company, a director or an associate of a director is such that ASX considers approval should be obtained. Accordingly, as Mr Ianniello is a director of the Company and falls within the category in ASX Listing Rule 10.14.1, shareholder approval is sought for the issue to Mr Ianniello of Performance Rights under the Plan. If approval is given under ASX Listing Rule 10.14, approval is not required under ASX Listing Rule 7.1.

The Performance Rights (STI) will only be granted to Mr Ianniello subject to the satisfaction of performance hurdles, details of which are summarised below. Once they are granted, they will immediately vest and become exercisable into Shares.

Should Shareholders not approve the granting of Performance Rights (STI), Mr Ianniello will not be issued with Performance Rights, and STI remuneration (if any) will, instead, be satisfied by the payment of cash.

Issue and Vesting of Performance Rights (STI)

The Company proposes to issue to Mr Ianniello Performance Rights calculated in accordance with the below formula no later than 1 month after the release of the Company's relevant financial year results for FY24, FY25 and FY26.

Other than Performance Rights (LTI) mentioned in Resolution 6, as no other Performance Rights are being offered to the Company's directors (or other related parties), this is the maximum number of Performance Rights that may be acquired by all persons for whom approval is required.

The maximum number of Performance Rights (STI) to be issued in relation to Mr Ianniello's STI for each of FY24, FY25 and FY26 will be calculated in accordance with the following formula:

$$\frac{\text{STI}}{\text{VWAP}}$$

- Where STI equals the amount of the short-term incentive awarded to Mr Ianniello for the relevant financial year to be applied towards the issue of Performance Rights (STI), such amount to be at least 50% of the aggregate short-term incentive awarded or such greater amount (up to 100% short-term incentive awarded to Mr Ianniello for the relevant financial year) as elected by Mr Ianniello; and
- Where the VWAP is the volume weighted average of the market prices at which Shares were traded on ASX for the five trading days following the release of the Company's prior year financial year results.

Once the Performance Rights (STI) for the relevant financial year are granted, they will immediately vest and become exercisable.

For the purposes of Mr Ianniello's FY24 STI, the total amount of performance rights available to be issued to Mr Ianniello (at his election) will be equal to the FY24 STI that is awarded, divided by the VWAP at which Shares were traded on ASX for the five trading days following the release of the Company's FY23 results, being \$7.5876.

Rights attaching to Performance Rights (STI)

A Performance Right is a right to acquire one Share which can be exercised once the Performance Right has become exercisable and provided it has not lapsed.

A Performance Right does not give the holder a legal or beneficial right to Shares and does not enable the participating executive, in this case Mr Ianniello, to receive dividends or any other shareholder benefit by virtue of the issue of these rights unless and until that Performance Right has been exercised and the Share issued.

Performance Hurdle

At the start of each financial year a scorecard of objectives is determined by the Board. At the end of the year the Board will undertake a rigorous assessment of actual performance against each of the metrics. The Board has the discretion to increase or decrease the STI allocated to Mr Ianniello taking into account individual performance, approach to business risks and adherence to the Company's values.

The Company's performance against targets will be disclosed retrospectively noting that the actual targets for FY24 (and future years) are not disclosed as they are commercially sensitive. The Performance Objectives are summarised as follows:

Measure	Rationale	Measurement
Revenue	Financial metric focussed on growth	Revenue versus prior year
Profitability	Financial metric that measures the performance of the business	Group EBIT; Segment profit
Cash Flow	Financial metric focused on cash generation	Operating and investing cashflow performance
Order Book	Financial metric that provides a lead indicator of future performance	Contracted orders received from customers
Sustainability and Safety	The Company is committed to providing a safe work environment and operating in a sustainable manner	Measures include performance against agreed project plans

The Board sets a minimum performance threshold, which acts as a gate on target performance level which are set at between 80% and 90% of target levels. A maximum target is typically 110% to 120% of the target performance level. Percentage of STI will depend on actual performance. The table below provides a representation.

Performance against STI objectives	Percentage of STI paid
Less than threshold	0%
Equal to threshold	50% (i.e., 12.5% of Mr Ianniello's fixed remuneration)
More than threshold, less than target	Pro-rated vesting from 50%-100%
Target	100% (i.e. 25% of Mr Ianniello's fixed remuneration)
More than target, less than Maximum	Pro-rated vesting from 100%-200%
Maximum	200% (i.e. 50% of Mr Ianniello's fixed remuneration)

The above percentages are calculated against the target STI amount and maximum STI amount which is 25% and 50% of fixed remuneration respectively for Mr Ianniello.

Issue Price and Exercise Price

Each Performance Right will be issued to Mr Ianniello for no consideration and will have a nil exercise price. As such, there are no loans in relation to this acquisition. When a Performance Right (STI) vests it allows Mr Ianniello (or his nominee) to exercise the Performance Right and be issued with a Share.

Exercise Period

Once Performance Rights (STI) have become exercisable, Mr Ianniello will need to exercise those rights within 12 months from the date on which they vest and become exercisable, or they will lapse and there will be no further entitlement to any Shares. This period may be shortened in certain circumstances if the Performance Rights (STI) have not lapsed.

Bonus issue and capital reconstruction of the Company

The number of Shares to which Mr Ianniello will become entitled on exercise of the Performance Rights (STI) will be adjusted to take account of any bonus issues, rights issues or reconstructions which the Company undertakes between the date of allocation of the Performance Rights (STI) and the exercise of those rights.

Cessation of employment

The right to an STI and Performance Rights (that have not yet been exercised) each lapse immediately if Mr Ianniello's employment with the Company is terminated for misconduct or any other reason justifying termination without notice.

In the case of Mr Ianniello's employment ceasing due to death or permanent disablement, redundancy, retirement, agreement between the Company and Mr Ianniello or from a sale of all or substantially all of the shares or assets of the Company:

- Performance Rights which have otherwise become exercisable remain exercisable up until the end of the exercise period; and
- the Board has a discretion to treat the remaining Performance Rights as exercisable and to set the exercise period for them.

In all other cases where employment ceases, the right to an STI and Performance Rights that have not vested and become exercisable will lapse immediately, and Performance Rights that have vested and are exercisable will lapse at the end of 30 days.

Restriction on the disposal of Shares

90% of any Shares issued on exercise of the Performance Rights (STI) will be restricted from disposal for a further period of one year from the date of issue of the Shares. The remaining 10% of the Shares issued on exercise of the

Performance Rights (STI) will be restricted from disposal until 12 months after cessation of Mr Ianniello's employment with the Company.

Forfeiture of Shares

Shares issued to Mr Ianniello on exercise of his Performance Rights (STI) may be forfeited if he perpetrates fraud against the Company or any of its subsidiaries (**Codan Group**), acts dishonestly or breaches his obligations to any member of the Codan Group, including any of those obligations that survive cessation of employment.

The right of the Company to cause the Shares, which have been issued on exercise of the Performance Rights (STI), to be forfeited, expires at the end of the relevant restriction period.

Directors' Recommendation

Other than Mr Ianniello (to whom the Performance Rights (STI) are to be issued), the directors recommend that shareholders approve the grant of the Performance Rights (STI) contemplated by Resolution 5.

Resolution 6 - Approval of the grant of Performance Rights to Mr Alfonzo Ianniello - LTI

Background

At the 2004 AGM, shareholders approved the establishment of a plan called the Performance Rights Plan (**Plan**) as part of the overall remuneration strategy of the Company. The Plan provides for the issue of performance rights (**Performance Rights**) to executives of the Company invited by the Board to participate in the Plan. The exercise of Performance Rights results in the issue of fully paid ordinary shares in the Company (**Shares**). A copy of the Plan Rules is available on the Company's website www.codan.com.au. A brief summary of the Plan Rules is set out below.

The Plan is to focus the CEO and other Executive KMP on the creation of sustainable shareholder value. Details of the Company's executive remuneration philosophy and objectives can be found in the 2023 Annual Report.

Mr Alfonzo Ianniello was appointed as Managing Director and Chief Executive Officer of the Company on 4 January 2022, and at the 2022 AGM, approval was obtained from the Company's shareholders for the issue to Mr Ianniello of 57,019 Performance Rights for no consideration and at nil exercise price in accordance with the Plan. Since that approval, 57,019 Performance Rights (as part of his long-term incentive (**LTI**)) were issued to Mr Ianniello on the terms as approved.

In addition to the issue of Performance Rights as part of his short-term incentive (**STI**) (as set out in Resolution 5), Mr Ianniello has been invited by the Board, and is entitled, to participate in the Plan for FY24 and to be issued with Performance Rights as part of his LTI if approved by shareholders at this AGM. It is noteworthy that the structure of the Plan for Mr Ianniello (and Executive KMP's) has been updated. Details of the changes in the Plan are outlined below.

No other directors have been invited by the Board to participate in the Plan.

Details of any Performance Rights and Shares issued under the Plan will be published in the Company's annual report relating to the period in which they were issued, along with a statement that approval for the issue was obtained under ASX Listing Rule 10.14. Any additional persons covered by ASX Listing Rule 10.14, who becomes entitled to participate in an issue of Performance Rights under the Plan after the resolution is approved and who were not named in the notice of meeting, will not participate until approval is obtained under that rule.

LTI Structure for the FY24 year has been amended.

The LTI rewards executives for delivering long-term earnings growth performance above a minimum threshold and for creating value for shareholders with shareholder returns at above the 50th percentile of a selected peer group of ASX listed companies.

The LTI structure is an equity-based incentive plan focussed on multi-year performance being delivered for shareholders with reference to growth in EPS, and in FY24 the addition of a relative total shareholder return (**RTSR**) metric, measured over a three-year period. The LTI structure is designed to motivate superior performance and to retain Executive KMP (including Mr Ianniello). The key changes to the LTI structure for FY24 versus the prior year are as follows:

- *Performance metrics:* Historically, the LTI has had a single financial metric, being the growth of EPS over a defined base level. In FY24 a second LTI metric, RTSR, is being added.
- *EPS base year:* The EPS used as the base for performance targets has in recent years been based on an average of the Company's results in three prior years. The Board has determined that the immediately preceding financial year's EPS will be used as the base level for setting EPS growth targets going forward.
- *EPS growth expectations:* The growth rates that were required to achieve the performance hurdles were previously between 2% and 8% per annum. The Board decided to significantly increase the required EPS growth rates and they have increased the performance hurdle growth rates to apply from FY24 to between 8% and 13% per annum.
- *EPS performance:* Previously, the LTI used an aggregate target over the 3-year period. The FY24 structure of the LTI is based on an EPS target being met in the third year of the performance period (using the required EPS annual growth rate compounded over the three-year measurement period).

Use of Performance Rights - LTI

The Board considers that the issue of Performance Rights (LTI) to Mr Ianniello, which are subject to the performance metrics described below under the heading 'Performance Hurdle', provide an additional long-term incentive to Mr Ianniello to work towards maximising returns for shareholders and to encourage Mr Ianniello's retention.

The Board also considers the use of Performance Rights for the LTI is superior to alternative forms of incentives, such as cash, on the basis that the Performance Rights vest and become exercisable and the consequential issuing of Shares in the capital of the Company to Mr Ianniello mean that Mr Ianniello's shareholding in the Company increases, and this creates further alignment for Mr Ianniello to work towards maximising returns to shareholders.

Current remuneration package

Mr Ianniello's current total remuneration package, effective 1 July 2023, comprises:

- fixed remuneration of \$1,009,750 (inclusive of superannuation);
- a short-term cash incentive of \$252,437.50 (assuming he achieves the target performance metrics, representing 25% of fixed remuneration); and
- a long-term incentive of \$504,875 (assuming he achieves the target performance metrics, representing 50% of fixed remuneration) through the issue of the Performance Rights (subject to shareholder approval) calculated in the manner set out under the heading 'Issue of Performance Rights (LTI)'.

The short-term incentive has a threshold, target and a maximum percentage of fixed remuneration that can apply (as set out in Resolution 5). In addition, the long-term incentive has a target and maximum percentage of fixed remuneration that can apply (as set out under the heading 'Performance Hurdle(s)' below). As a result, the:

- short-term incentive is capped at a maximum of 50% of fixed remuneration, being \$504,875; and
- long-term incentive is capped at a maximum of 75% of fixed remuneration, being \$757,312.50.

Shareholders are referred to the remuneration report for further details of Mr Ianniello's remuneration. The Company has not obtained an independent valuation of the Performance Rights.

The value attributed by the Company to the Performance Rights (LTI) (as described above and assuming the issue of the Performance Rights is approved), is based on the Company's contractual obligation to issue to Mr Ianniello the opportunity to acquire that value of Shares through the issue of the number of Performance Rights calculated in accordance with the formula outlined below under the heading "Issue of Performance Rights (LTI)".

However, it is important to note that the issue of Performance Rights means that the actual value (if any) of the Performance Rights that Mr Ianniello will receive depends on the extent to which the applicable performance hurdles are met, the volume weighted average share price at the applicable time and the share price at the date of exercise of the Performance Rights.

Based on the above, the Company considers that the value of Mr Ianniello's total remuneration package for FY24 is \$1,767,062.50 (based on STI and LTI target performance metrics being achieved).

Reason for Shareholder Approval

ASX Listing Rule 10.14 requires that a company obtain shareholder approval for the issue of securities under an employee incentive scheme to a director, an associate of a director or a person whose relationship with the company, a director or an associate of a director is such that ASX considers approval should be obtained. Accordingly, as Mr Ianniello is a director of the Company and falls within the category in ASX Listing Rule 10.14.1, shareholder approval is sought for the issue to Mr Ianniello of Performance Rights under the Plan. If approval is given under ASX Listing Rule 10.14, approval is not required under ASX Listing Rule 7.1.

The Performance Rights (LTI) to be granted to Mr Ianniello are in effect conditional entitlements, which may vest and become exercisable subject to the satisfaction of performance hurdles, details of which are summarised below. Should Shareholders not approve the granting of Performance Rights (LTI), Mr Ianniello will not be issued with Performance Rights (LTI).

Issue of Performance Rights (LTI)

The Company proposes to issue 99,809 Performance Rights (LTI) to Mr Ianniello no later than 1 month after the date of the AGM. Other than those Performance Rights (STI) mentioned in Resolution 5, as no other Performance Rights are being offered to the Company's directors (or other related parties), this is the maximum number of Performance Rights that may be acquired by all persons for whom approval is required.

The number of Performance Rights has been calculated in accordance with the following formula:

$$75\% \quad \times \quad \frac{\text{Fixed Pay}}{\$7.5876}$$

- Where Fixed Pay equates to Mr Ianniello's annual fixed remuneration as Managing Director for FY24 which is \$1,009,750; and
- \$7.5876 is the volume weighted average of the market prices at which Shares were traded on ASX for the five trading days following the release of the Company's FY23 results, commencing on 28 August 2023 and ending on close of business 1 September 2023.

Rights attaching to Performance Rights (LTI)

A Performance Right is a right to acquire one Share which can be exercised once the Performance Right has become exercisable and provided it has not lapsed.

A Performance Right does not give the holder a legal or beneficial right to Shares and does not enable the participating executive, in this case Mr Ianniello, to receive dividends or any other shareholder benefit by virtue of the issue of these rights unless and until that Performance Right has been exercised and the Share issued.

Exercise of Performance Rights (LTI)

Performance Rights are exercisable:

- if the Company meets the performance hurdle during the performance period;
- at the discretion of the Board, if an event occurs such as a takeover bid for, or the winding up of, the Company;
or
- if the Board allows early exercise on the cessation of employment in certain circumstances.

Performance Period

The performance period is the period commencing on 1 July 2023 and ending on 30 June 2026 (**Performance Period**).

Performance Hurdle(s)

The Performance Rights (LTI) will vest and become exercisable with an assessment against two independent performance metrics, namely:

1. Earnings Per Share (**EPS**) Growth metric; and
2. Relative Total Shareholder Return (**RTSR**) metric.

1. **EPS Growth Performance Hurdle – 67% weighting**

An EPS growth metric provides clear line of sight between executive performance and the Company's financial performance over the long-term. It is also well understood by the CEO and shareholders. The Board may adjust the underlying NPAT used to measure performance against the LTI where it deems it appropriate to do so, for example as a result of major transactions, such as an acquisition or divestment, or other one-off type items.

To measure EPS, the Codan Group NPAT will be divided by the weighted average number of ordinary shares in the Company on issue during the relevant financial year. To measure growth in EPS, the EPS in the financial year immediately preceding the grant (FY23) is compared with the EPS achieved in the measurement year, being Year 3 (FY26). To set the FY26 target the Board has used the underlying EPS performance for FY23 of 36.3 cents per share.

Performance Rights (LTI) would vest if the EPS achieved in the measurement year exceeds a target with all rights vesting if a maximum EPS is achieved. The target and maximum EPS are to be calculated by applying a compounding annual growth rate to a base EPS. The Board has not set a threshold level of performance below the required target level. This is represented in the table below:

	Target	Maximum
Base EPS (FY23) cents	36.3	36.3
Compound annual growth rate	8%	13%
FY26 (Measurement year) cents	45.7	52.4

The vesting schedule of the rights subject to the EPS growth hurdles is as follows:

EPS Annual growth compounding rate	Percentage of 67% of total Performance Rights (LTI) vested	Dollar value of LTI vested
Less than Target	0%	Nil
Target	67%	\$338,266
More than Target but less than Maximum	Pro-rated from 67%-100%	Pro-rated from \$338,266 - \$507,400
At or greater than Maximum	100%	\$507,400

The above percentages are calculated as 67% of the target and maximum performance LTI outcomes, as this is the weighting allocated to the EPS Growth Performance Hurdle.

The Board always retains discretion to determine, amend and calculate the vesting outcomes.

2. **RTSR Performance Hurdle – 33% weighting**

This measure represents the relative change in the value of the Company's share price over a period including reinvested dividends, compared to the constituents of a peer group. The change is expressed as a percentage on the opening value of the shares and then ranked as a percentile compared to the peer group. The Board has chosen a RTSR measure as it provides an appropriate comparative measure of shareholder return, reflecting an investor's choice to invest in the Company versus another peer group entity. Value can only be derived from the RTSR

component of the LTI plan if the Company's RTSR performance is at least at the 50th percentile of companies in the peer comparison group measured over the three-year period.

The vesting schedule of the rights subject to the RTSR hurdle are as follows:

RSTR Performance	Percentile
Target	50%
Maximum	75%

RSTR	Percentage of 33% of total Performance Rights vesting	Dollar value of LTI vested
Less than Target Percentile	0%	Nil
At Target Percentile	67%	\$166,609
More than Target less than Maximum Percentile	Pro-rated from 67%-100%	Pro-rated from \$166,609 - \$249,913
At Maximum Percentile	100%	\$249,913

The above percentages are calculated against 33% of the target and maximum performance LTI outcomes, as this is the weighting allocated to the RTSR Performance Hurdle.

The Board has not set a Threshold level below the target level.

For the FY24 rights grant, the peer group of companies will be companies listed on the ASX within 50% and 200% of the Company's 12-month average market capitalisation as at 30 June 2023, with industry exclusions being any companies in the peer group from the Materials, Finance and Energy GICS sectors.

The Board intends to use the services of an independent external consultant to calculate the RTSR and the percentile that the Company's performance is placed amongst the peer group. The Board has discretion to adjust the peer group constituents to take account of events that happen during the performance period, for example, the impact of corporate activity such as takeovers, mergers or de-listings.

Issue Price and Exercise Price

Each Performance Right will be issued to Mr Ianniello for no consideration and will have a nil exercise price. As such, there are no loans in relation to this acquisition. When a Performance Right (LTI) vests it allows Mr Ianniello (or his nominee) to exercise the Performance Right and be issued with a Share.

Exercise Period

Once the Performance Rights (LTI) have become exercisable, Mr Ianniello will need to exercise those rights within 12 months from the date on which they vest and become exercisable, or they will lapse and there will be no further entitlement to any Shares. This period may be shortened in certain circumstances if the Performance Rights (LTI) have not lapsed.

Bonus issue and capital reconstruction of the Company

The number of Shares to which Mr Ianniello will become entitled on exercise of the Performance Rights (LTI) will be adjusted to take account of any bonus issues, rights issues or reconstructions which the Company undertakes between the date of allocation of the Performance Rights (LTI) and the exercise of those rights.

Cessation of employment

Performance Rights (that have not yet been exercised) lapse immediately if Mr Ianniello's employment with the Company is terminated for misconduct or any other reason justifying termination without notice.

In the case of Mr Ianniello's employment ceasing due to death or permanent disablement, redundancy, retirement, agreement between the Company and Mr Ianniello or from a sale of all or substantially all of the shares or assets of the Company:

- Performance Rights which have otherwise become exercisable remain exercisable up until the end of the exercise period; and
- the Board has a discretion to treat the remaining Performance Rights as exercisable and to set the exercise period for them.

In all other cases where employment ceases, Performance Rights that have not vested and become exercisable will lapse immediately, and Performance Rights that have vested and are exercisable will lapse at the end of 30 days.

Restriction on the disposal of Shares

90% of any Shares issued on exercise of the Performance Rights (LTI) will be restricted from disposal for a further period of two years from the date of issue of the Shares. The remaining 10% of the Shares issued on exercise of the Performance Rights (LTI) will be restricted from disposal until 12 months after cessation of Mr Ianniello's employment with the Company.

Forfeiture of Shares

Shares issued to Mr Ianniello on exercise of his Performance Rights (LTI) may be forfeited if he perpetrates fraud against the Company or any of its subsidiaries, acts dishonestly or breaches his obligations to any member of the Codan Group, including any of those obligations that survive cessation of employment.

The right of the Company to cause the Shares, which have been issued on exercise of the Performance Rights (LTI), to be forfeited, expires at the end of the relevant restriction period.

Directors' Recommendation

Other than Mr Ianniello (to whom the Performance Rights (LTI) are to be issued), the directors recommend that shareholders approve the grant of the Performance Rights (LTI) contemplated by Resolution 6.
