

29th October 2025

Last week, we had the pleasure of welcoming the families of our Founders, esteemed guests, Board members, and employees to our Mawson Lakes headquarters to officially unveil our Founders Commemoration artwork. This meaningful piece, commissioned by the talented Adelaide-based designers at JamFactory, now stands proudly in a prominent location on our Mawson Lakes site.

This artwork is a tribute to the legacy of our Founders - Jim Bettison, Alastair Wood and Ian Wall - and serves as a source of inspiration to carry their vision forward into Codan's future.

Thank you to the Founders' families and everyone who joined us for this special occasion.
