MINETEC & RUC CEMENTATION TO CO-PRESENT AT AUSTMINE 2017

Minetec is pleased to announce that Alan Fenelon (GM Commercial Innovation, Minetec) and Barry Upton (MD, RUC Cementation) will be co-presenting at this years Austmine Mining Innovation Conference & Exhibition in Perth.

Austmine 2017 will bring together a host of senior level executives from mining companies, METS, government and research organisations to hear and share experiences, examples, results and insights into how technology, innovation and collaboration are critical to improving productivity and competitiveness.

Over the two day conference representatives from Minetec will also be exhibiting and showcasing some of Minetec's most innovative solutions – TRAX, SMARTS & SAFEDTECT
