

FOR IMMEDIATE RELEASE

## Pending release of new PRO-FIND Series Pinpointers

**Adelaide, Australia (September 18, 2017)** – Minelab is pleased to announce the pending release of our next generation PRO-FIND Series Pinpointers.

**PRO-FIND Series Pinpointers assist in accurately locating targets at the point of extraction where a metal detector coil cannot fit. This results in smaller holes, less environmental disruption and faster target recovery time.**

There will be two new PRO-FIND Pinpointers available, the PRO-FIND 15, and the PRO-FIND 35, both of which will obsolete the existing PRO-FIND 25 model.

The PRO-FIND 15 offers essential core pinpointer features and is designed for simplicity and ease of use. The PRO-FIND 35 provides premium level functionality in a fully waterproof design for the serious detectorist. Both models use VLF transmission and incorporate Minelab's unique Detector Interference Free (DIF) technology.

### **PRO-FIND 15**

- Splash proof design
- Audio indication
- High visibility
- Holster included

### **PRO-FIND 35**

- Ferrous Tone ID
- Waterproof to 3m (10ft)
- Audio & vibration indication
- Adjustable sensitivity
- High Visibility
- Holster & lanyard included
- Battery included

Further product details and product availability will be announced in the coming weeks, on <http://www.minelab.com>.

**About Minelab:**

Minelab is an Australian-built, multi-award winning business that has successfully scaled world markets to command global leadership in its key areas of operation. Based in Mawson Lakes, South Australia with regional offices in Chicago, U.S, and Dubai, U.A.E, the company specializes in advanced electronic technologies. Since its origins in 1985 Minelab has been the world leader in providing metal detecting technologies for consumer, humanitarian demining and military needs. Through devotion to research and development and innovative design, Minelab is today a major world manufacturer of hand-held metal detector products. Over the past 30 years, Minelab has introduced more innovative and practical technology than any of its competitors and has taken the metal detecting industry to new levels of excellence. Minelab is a Codan Limited company (ASX: "CDA").
