IMPORTANT NOTICE AND DISCLAIMER

Disclaimer

This presentation has been prepared by Codan Limited (ABN 77 007 590 605) (Codan). The information contained in this presentation is for information purposes only and is not investment, financial product, legal or tax advice.

This presentation contains summary information about the current activities of Codan and its subsidiaries. The information in this presentation does not purport to be complete nor does it purport to contain all the information that a prospective investor may require in evaluating a possible investment in Codan. This presentation should be read in conjunction with Codan's other periodic and continuous disclosure announcements lodged with the Australian Securities Exchange (ASX), which are available at www.asx.com.au.

Statements in this presentation are made only as of the date of this presentation unless otherwise stated and the information in this presentation remains subject to change without notice. Codan is not responsible for providing updated information to any prospective investors.

Past performance information given in this presentation is given for illustrative purposes only and should not be relied upon as (and is not) an indication of future performance. The historical information in this presentation is, or is based upon, information that has been released to the market. For further information, please see past announcements released to ASX.

This presentation may contain forward-looking statements with respect to the financial condition, results of operations, business of Codan and certain plans and objectives of the management of Codan. Actual outcomes may differ materially from forward-looking statements. Forward-looking statements, opinions and estimates provided in this presentation are likely to involve uncertainties, assumptions, contingencies and other factors. As a result, unknown risks may arise, many of which are outside the control of Codan. Forward-looking statements including projections, guidance on future earnings and estimates are provided as a general guide only and should not be relied upon as an indication or guarantee of future performance. Codan disclaims any intent or obligation to update publicly any forward-looking statements, whether as a result of new information, future events or results or otherwise.

Should you have any specific queries in respect of this disclaimer please contact Codan directly.

KÄGWERKS DISMOUNTED SOLDIER SYSTEMS

Enabling connectivity and integrated secure networking

DOCK LITE

Compact, lightweight platform

DOCK RADIO

Broadens digital network on the battlefield

DOCK ULTRA

Brings Artificial Intelligence to the edge of the battlefield

- Kägwerks has developed a portfolio of proprietary DOCK™¹ branded solutions
- Provides soldiers with a lightweight, compact network hub, integrating disparate equipment into a single compact communications solution
- Ensures superior situational awareness and strategic advantage in field operations to optimise real-time battlefield intelligence
- Kägwerks DOCK Ultra™ support high-powered Artificial Intelligence solutions
- End-user focused (incl. US Department of Defence, special operations, Customs and Border Protection, law enforcement and first responders)

BENEFITS OF KÄGWERKS TECHNOLOGY

Optimising intelligence for deployed personnel

- **ENHANCED PERFORMANCE**
including distinct technological advantage of superior size, weight and power (SWAP) as well as cost efficiencies
- **SECURE NETWORKING**
maintaining communications and situational awareness across harsh environments
- **INTEROPERABILITY**
ability to integrate radio agnostic equipment into a single compact communications solution
- **REAL-TIME CONNECTIVITY**
across entire command and control chain
- **SCALABLE**
rapidly deployable, requiring minimal training
- **FUTURE FOCUSED**
complementary core innovative focus - incorporating artificial intelligence

NETT WARRIOR PROGRAM

Kägwerks is a provider to US Department of Defence Program of Record

KÄGWERKS DOCK LITE

- The US Army Nett Warrior Secure Wired and Wireless Intra-Soldier Network Hub (Nett Warrior Program) is an advanced system developed by the US Army to improve situational awareness for battlefield soldiers
- Nett Warrior Program is a funded and stable Army acquisition Program of Record
- In 2022, Kägwerks was selected as a provider to this Program and is responsible for the development and supply of DOCK™ solutions
- Kagwerks' DOCK products are the centrepiece of Nett Warrior's Soldier System which is scheduled to be fielded through to 2029. Kagwerk's receives the majority of its contract orders for DOCK products through the Defense Logistics Agency Tailored Logistics Support Program from Prime Contractors based on specific battalion or deployment requirements and therefore orders are subject to government procurement cycles.
- The DOCK-Lite™ platform redefines communications, using wireless technology for the soldier
- System combines a chest mounting solution for the soldier's end user device, with a networking hub to connect various soldier-worn radios, peripherals and data sources
- Supports both cable and secure Intra-Soldier Wireless network connections to reduce cable clutter, weight, volume, and unit cost
- Enhances overall situational awareness and combat effectiveness
