SPECIAL BUSINESS

Resolution 3 - Approval of the grant of Performance Rights to Mr Alfonzo Ianniello – LTI

Background

At the 2004 AGM, shareholders approved the establishment of a plan called the Performance Rights Plan as part of the overall remuneration strategy of the Company. The Company has recently amended its Performance Rights Plan, to be renamed "Share Rights Plan" (**Plan**). The Plan provides for the issue of performance rights (**Performance Rights**) to executives of the Company invited by the Board to participate in the Plan. The exercise of Performance Rights results in the issue of fully paid ordinary shares in the Company (**Shares**). A copy of the Plan Rules is available on the Company's website www.codan.com.au. A brief summary of the Plan Rules is set out below.

The Plan is to focus the CEO and other Executive KMP on the creation of sustainable shareholder value. Details of the Company's executive remuneration philosophy and objectives can be found in the 2024 Annual Report.

At the 2023 AGM, approval was obtained from the Company's shareholders for the issue to Mr Ianniello, Managing Director and Chief Executive Officer of the Company, of Performance Rights as part of his:

- long-term incentive (**LTI**); and
- short-term incentive (**STI**) for FY24, FY25 and FY26,

for no consideration and at nil exercise price in accordance with the Plan.

Since that approval:

- 99,809 Performance Rights were issued to Mr Ianniello as part of his long-term incentive LTI; and
- 44,971 Performance Rights were issued to Mr Ianniello as part of his STI for FY24,

on the terms as approved.

Mr Ianniello has, since 2022, been issued a total of 156,828 Performance Rights under the Plan (at a nil issue price), of which 16,305 have vested. In addition, Mr Ianniello has had 44,971 Shares issued to him as a part of his FY24 STI. As a result, a total of 61,276 Shares in the capital of the Company have been issued to Mr Ianniello.

Mr Ianniello has again been invited by the Board, and is entitled, to participate in the Plan for FY25 and to be issued with Performance Rights as part of his LTI if approved by shareholders at this AGM.

Details of any Performance Rights and Shares issued under the Plan will be published in the Company's annual report relating to the period in which they were issued, along with a statement that approval for the issue was obtained under ASX Listing Rule 10.14. Any additional persons covered by ASX Listing Rule 10.14, who become entitled to participate in an issue of Performance Rights under the Plan after the resolution is approved and who were not named in the notice of meeting, will not participate until approval is obtained under that rule.

LTI Structure

The LTI rewards executives for delivering long-term earnings growth performance and for creating value for shareholders with shareholder returns at above the 50th percentile of a selected peer group of ASX listed companies.

The LTI structure is an equity-based incentive plan focussed on multi-year performance being delivered for shareholders with reference to growth in EPS weighted at 66.67%, and a relative total shareholder return (**RTSR**) metric weighted at

33.33%, measured over a three-year period. The LTI structure is designed to create alignment with shareholder return performance and to retain Executive KMP (including Mr Ianniello).

In FY24, the required EPS compound annual growth targets, measured over three years, were increased from a range of 2% – 8% to a range of 8% at entry to 13% at maximum. These targets have been retained for FY25, with a higher starting base level using the actual FY24 EPS of 45.0 cents per share.

Use of Performance Rights - LTI

The Board considers that the issue of Performance Rights (LTI) to Mr Ianniello, which are subject to the performance metrics described below under the heading 'Performance Hurdle', provide a long-term incentive to Mr Ianniello to work towards maximising returns for shareholders and to encourage Mr Ianniello's retention.

The Board also considers the use of Performance Rights for the LTI is superior to alternative forms of incentives, such as cash, on the basis that the Performance Rights vest and become exercisable and the consequential issuing of Shares in the capital of the Company to Mr Ianniello mean that Mr Ianniello's shareholding in the Company increases, and this creates further alignment for Mr Ianniello to work towards maximising returns for shareholders. In particular, shareholders should note the minimum two-year holding requirement on all rights that vest and become shares in Codan, which creates further long-term alignment with shareholder's interests.

Current remuneration package

Mr Ianniello's current total remuneration package, effective 1 July 2024, comprises:

- fixed remuneration of \$1,014,661 (inclusive of superannuation) which is unchanged from FY23 except for 0.5% change in the SGC rate;
- a short-term cash incentive of \$253,665 (assuming he achieves the Target performance metrics, representing 25% of fixed remuneration); and
- a long-term incentive of \$760,996 (assuming he achieves the Target performance metrics over the three-year measurement period, representing 75% of fixed remuneration) through the issue of the Performance Rights (subject to shareholder approval) calculated in the manner set out under the heading 'Issue of Performance Rights (LTI)'.

The short-term incentive has a Threshold, Target and Maximum percentage of fixed remuneration that can apply (as set out in the remuneration report), with a requirement that Mr Ianniello must take a minimum of 50% of his annual STI in the form of Share Rights. The long-term incentive has a Threshold, Target and Maximum percentage of fixed remuneration that can apply (as set out under the heading 'Performance Hurdle(s)' below). As a result, the:

- short-term incentive is capped at a maximum of 50% of fixed remuneration, being \$507,331; and
- long-term incentive is capped at a maximum of 100% of fixed remuneration, being \$1,014,661.

Additionally, for the FY25-FY27 period, it is proposed that a Superior Performance Incentive (**SPI**) is implemented for performance that is achieved above the maximum 13% EPS Compound Annual Growth Rate (**CAGR**) over the three-year measurement period up to a maximum of 21% EPS CAGR. The proposed SPI would result in the potential to earn an additional \$1 million of remuneration through the issue of Performance Rights calculated in the manner set out under the heading 'Additional Superior Performance Incentive Rights'. This incentive is 100% in the form of equity.

Shareholders are referred to the remuneration report for further details of Mr Ianniello's remuneration. The Company has not obtained an independent valuation of the Performance Rights.

The value attributed by the Company to the Performance Rights (LTI) (as described above and assuming the issue of the Performance Rights is approved), is based on the Company's contractual obligation to issue to Mr Ianniello the opportunity to acquire that value of Shares through the issue of the number of Performance Rights calculated in accordance with the formula outlined below under the heading "Issue of Performance Rights (LTI)".

However, it is important to note that the issue of Performance Rights means that the actual value (if any) of the Performance Rights that Mr Ianniello will receive depends on the extent to which the applicable performance hurdles are met, the volume weighted average share price at the applicable time and the share price at the date of exercise of the Performance Rights.

Based on the above, the Company considers that the value of Mr Ianniello's total remuneration package for FY25 is \$2,029,322 (based on STI and LTI target performance metrics being achieved). No value has been included in the value of the FY25 total remuneration package for Mr Ianniello for performance above targets, including of the additional superior performance incentive, because the performance requirements are significantly higher than target performance metrics.

If shareholders approve this resolution, Mr Ianniello's remuneration package for FY25 would be:

FY25 Remuneration (maximum)	At Threshold	At Target	At Maximum	At Superior Performance Incentive*
Fixed remuneration	1,014,661	1,014,661	1,014,661	1,014,661
Short term incentive	126,833	253,665	507,331	507,331
Long term incentive	339,911	760,996	1,014,661	1,014,661
Superior performance incentive	Nil	Nil	Nil	1,000,000
Total Remuneration	\$1,481,405	\$2,029,322	\$2,536,653	\$3,536,653

*Requires EPS CAGR of 21% over 3-year period FY25 - FY27

Reason for Shareholder Approval

ASX Listing Rule 10.14 requires that a company obtain shareholder approval for the issue of securities under an employee incentive scheme to a director, an associate of a director or a person whose relationship with the company, a director or an associate of a director is such that ASX considers approval should be obtained. Accordingly, as Mr Ianniello is a director of the Company and falls within the category in ASX Listing Rule 10.14.1, shareholder approval is sought for the issue to Mr Ianniello of Performance Rights under the Plan. If approval is given under ASX Listing Rule 10.14, approval is not required under ASX Listing Rule 7.1.

The Performance Rights (LTI) to be granted to Mr Ianniello are in effect conditional entitlements, which may vest and become exercisable subject to the satisfaction of performance hurdles, details of which are summarised below. Should shareholders not approve the granting of Performance Rights (LTI), Mr Ianniello will not be issued with Performance Rights (LTI), instead the performance incentive will be wholly cash-based.

Issue of Performance Rights (LTI)

The Company proposes to issue 134,385 Performance Rights (LTI) to Mr Ianniello no later than 1 month after the date of the AGM. Other than those Performance Rights (STI) for which shareholder approval has already been obtained, no other Performance Rights are being offered to the Company's directors (or other related parties), therefore this is the maximum number of Performance Rights that may be acquired by all persons for whom approval is required.

The number of Performance Rights has been calculated in accordance with the following formula:

$$100\% \times \frac{(\text{Maximum LTI (Fixed Pay)} + \text{SPI})}{\$14.9917}$$

- Where Maximum LTI (Fixed Pay) equates to Mr Ianniello's maximum LTI as Managing Director for FY25 which is \$1,014,661;
- SPI represents \$1 million, being the maximum value of the Superior Performance Incentive rights; and
- \$14.9917 is the volume weighted average of the market prices at which Shares were traded on ASX for the five trading days following the release of the Company's FY24 results, commencing on 23 August 2024 and ending on close of business 29 August 2024.

Rights attaching to Performance Rights (LTI)

A Performance Right is a right to acquire one Share which can be exercised once the Performance Right has become exercisable and provided it has not lapsed.

A Performance Right does not give the holder a legal or beneficial right to Shares and does not enable the participating executive, in this case Mr Ianniello, to receive dividends or any other shareholder benefit by virtue of the issue of these rights unless and until that Performance Right has been exercised and the Share issued.

Exercise of Performance Rights (LTI)

Performance Rights are exercisable:

- if the Company meets the performance hurdle during the performance period;
- at the discretion of the Board, if an event occurs such as a takeover bid for, or the winding up of, the Company; or
- if the Board allows early exercise on the cessation of employment in certain circumstances.

Performance Period

The performance period is the period commencing on 1 July 2024 and ending on 30 June 2027 (**Performance Period**).

Performance Hurdle(s)

The Performance Rights (LTI) will vest and become exercisable with an assessment against two independent performance metrics, namely:

1. Earnings Per Share (**EPS**) Growth metric; and
2. Relative Total Shareholder Return (**RTSR**) metric.

The additional superior performance rights will vest and become exercisable with an assessment against an Earnings per Share Growth metric only as set out under the heading 'Additional Superior Performance Rights'.

1. **EPS Growth Performance Hurdle – 67% weighting (LTI)**

An EPS growth metric provides clear line of sight between executive performance and the Company's financial performance over the long-term. It is also well understood by the CEO and shareholders. The Board may adjust the underlying NPAT used to measure performance against the LTI where it deems it appropriate to do so, for example as a result of major transactions, such as an acquisition or divestment, or other one-off type items.

To measure EPS, the Codan Group NPAT will be divided by the weighted average number of ordinary shares in the Company on issue during the relevant financial year. To measure growth in EPS, the EPS in the financial year immediately preceding the grant (FY24) is compared with the EPS achieved in the measurement year, being Year 3 (FY27). To set the FY27 target the Board has used the underlying EPS performance for FY24 of 45 cents per share.

Performance Rights (LTI) would vest if the EPS achieved in the measurement year exceeds a threshold with all rights vesting if a maximum EPS is achieved. The threshold and maximum EPS are to be calculated by applying a compounding annual growth rate to a base EPS. The Board set a target level of performance at the midpoint of the required performance range, being a 10.5% EPS CAGR. This is represented in the table below:

	Threshold	Target	Maximum
Base EPS (FY24) cents	45.0	45.0	45.0
Compound annual growth rate (CAGR)	8%	10.5%	13%
FY27 EPS (Measurement year) cents	56.7	60.7	64.9

The vesting schedule of the rights subject to the EPS growth hurdles is as follows:

EPS Compound annual growth rate	Percentage of 67% of total Performance Rights (LTI) vesting	Dollar value of LTI vested
Less than Threshold	0%	Nil
Threshold	50%	\$339,911
More than Threshold but less than Target	Pro-rated from 50%-75%	Pro-rated from \$339,911 - \$509,867
Target	75%	\$509,867
More than Target but less than Maximum	Prorated from 75% - 100%	Pro-rated from \$509,867 - \$679,823
At or greater than Maximum	100%	\$679,823

The above percentages are calculated as 67% of the Threshold, Target and Maximum performance LTI outcomes, as this is the weighting allocated to the EPS Growth Performance Hurdle.

The Board always retains discretion to determine, amend and calculate the vesting outcomes.

2. RTSR Performance Hurdle – 33% weighting (LTI)

This measure represents the relative change in the value of the Company's share price over a period including reinvested dividends, compared to the constituents of a peer group. The change is expressed as a percentage on the opening value of the shares and then ranked as a percentile compared to the peer group. An RTSR measure is used as it provides an appropriate comparative measure of shareholder return, reflecting an investor's choice to invest in the Company versus another peer group entity. Value can only be derived from the RTSR component of the LTI plan if the Company's RTSR performance is at least at the 50th percentile of companies in the peer comparison group measured over the three-year period.

The vesting schedule of the rights subject to the RTSR hurdle are as follows:

RSTR Performance	LTI Achieved (weighted)
Threshold (50th percentile)	50%
Target (62.5th percentile)	75%
Maximum (75th percentile)	100%

RTSR	Percentage of 33% of total Performance Rights vesting	Dollar value of LTI vested
Less than Threshold Percentile	0%	Nil
At Threshold Percentile	50%	\$167,419
More than Threshold less than Target Percentile	Prorated from 50% - 75%	Prorated from \$167,419 - \$251,129
Target percentile	75%	\$251,129
More than Threshold less than Maximum Percentile	Pro-rated from 75%-100%	Pro-rated from \$251,129 - \$334,838
At Maximum Percentile	100%	\$334,838

The above percentages are calculated against 33% of the threshold, target and maximum performance LTI outcomes, as this is the weighting allocated to the RTSR Performance Hurdle.

For the FY25 rights grant, the peer group of companies will be companies listed on the ASX within 50% and 200% of the Company's 12-month average market capitalisation as at 30 June 2024, with industry exclusions being any companies in the peer group from the Materials, Finance and Energy GICS sectors. This is consistent with the peer group for the FY24 rights grant.

Additional Superior Performance Incentive Rights

Based on external market comparatives, the Board considers target EPS growth in the range of 8 to 13% pa, with a midpoint on target rate of 10.5% pa, compounding over three-year measurement periods, to be strongly aligned with delivering shareholder value over the medium to long term. The Board also recognises, particularly with the investments that have been made to position the Communications business for growth and the continuing investments in Communications and Minelab product development pipelines, there is an exceptional opportunity for the Codan business to deliver superior returns for shareholders that are greater than compound annual growth of 13% in EPS over the next 3 years. The leadership, contribution and performance of Mr Ianniello as CEO and MD is seen to be vitally important to executing on the Building a Stronger Codan strategy and achieving EPS growth out-performance, and the Board considers it appropriate to incentivise and reward him if superior financial performance above 13% EPS CAGR is achieved.

Superior financial performance is set at EPS CAGR of between 14% and 21% over the FY25-27 period.

This performance over the three-year measurement period will deliver significant value to shareholders and the Board believes the grant of the additional performance rights is appropriately structured to align benefits for Mr Ianniello with superior outcomes for shareholders.

The structure of this additional incentive programme for the FY25 rights grant is that for every 1% EPS CAGR at and above 14% over the 3-year measurement period Mr Ianniello will be granted performance rights of \$125,000, up to a maximum of \$1 million at 21% EPS CAGR.

These performance rights vest if the EPS achieved in the FY27 measurement year exceeds Threshold (as defined in the table below) with all rights vesting if EPS CAGR of 21% is achieved, defined to be Maximum. The Threshold and

Maximum EPS for the SPI are calculated by applying a compounding annual growth rate to the FY24 base EPS. This is represented in the table below:

	Threshold	Maximum
Base EPS (FY24) cents	45.0	45.0
Compound annual growth rate	14%	21%
FY27 (Measurement year) cents	66.7	79.7

The vesting schedule of the rights subject to these EPS growth hurdles is as follows:

	EPS CAGR	Dollar value of LTI vested
Less than Threshold	Less than 14%	Nil
Threshold	14%	\$125,000
More than Threshold but less than Maximum	Pro-rated from 14% - 21%	\$125,000 for every additional 1% EPS CAGR achieved (prorated)
At or greater than Maximum	21%	\$1,000,000

The Board always retains discretion to determine, amend and calculate the vesting outcomes.

All the same terms and conditions apply to these additional Superior Performance Rights set out in this Notice.

Issue Price and Exercise Price

Each Performance Right will be issued to Mr Ianniello for no consideration and will have a nil exercise price. As such, there are no loans in relation to this acquisition. When a Performance Right (LTI) vests it allows Mr Ianniello (or his nominee) to exercise the Performance Right and be issued with a Share.

Exercise Period

Once the Performance Rights (LTI) have become exercisable, Mr Ianniello will need to exercise those rights within 12 months from the date on which they vest and become exercisable, or they will lapse and there will be no further entitlement to any Shares. This period may be shortened in certain circumstances if the Performance Rights (LTI) have not lapsed.

Bonus issue and capital reconstruction of the Company

The number of Shares to which Mr Ianniello will become entitled on exercise of the Performance Rights (LTI) will be adjusted to take account of any bonus issues, rights issues or reconstructions which the Company undertakes between the date of allocation of the Performance Rights (LTI) and the exercise of those rights.

Cessation of employment

Performance Rights (that have not yet been exercised) lapse immediately if Mr Ianniello's employment with the Company is terminated for misconduct or any other reason justifying termination without notice.

In the case of Mr Ianniello's employment ceasing due to death or permanent disablement, redundancy, retirement, agreement between the Company and Mr Ianniello or from a sale of all or substantially all of the shares or assets of the Company:

- Performance Rights which have otherwise become exercisable remain exercisable up until the end of the exercise period; and
- the Board has a discretion to treat the remaining Performance Rights as exercisable and to set the exercise period for them.

In all other cases where employment ceases, Performance Rights that have not vested and become exercisable will lapse immediately, and Performance Rights that have vested and are exercisable will lapse at the end of 30 days.

Restriction on the disposal of Shares

90% of any Shares issued on exercise of the Performance Rights (LTI) will be restricted from disposal for a further period of two years from the date of issue of the Shares. The remaining 10% of the Shares issued on exercise of the Performance Rights (LTI) will be restricted from disposal until 12 months after cessation of Mr Ianniello's employment with the Company. Any Shares that remain restricted shall be at risk of forfeiture in the event that Mr Ianniello:

- Perpetuates Fraud;
- Acts dishonestly;
- Commits a breach of his obligations to the Company;
- Provides services to a competitor of the Company; or
- Engages in activity that in the opinion of the Board is detrimental to Codan.

Forfeiture of Shares

Shares issued to Mr Ianniello on exercise of his Performance Rights (LTI) may be forfeited if he perpetrates fraud against the Company or any of its subsidiaries, acts dishonestly or breaches his obligations to any member of the Codan Group, including any of those obligations that survive cessation of employment.

The right of the Company to cause the Shares, which have been issued on exercise of the Performance Rights (LTI), to be forfeited, expires at the end of the relevant restriction period.

Directors' Recommendation

Other than Mr Ianniello (to whom the Performance Rights (LTI) are to be issued), the directors recommend that shareholders approve the grant of the Performance Rights (LTI) contemplated by Resolution 3.

Resolution 4 - Approval of the grant of NED rights to Non-Executive Directors (salary sacrifice plan)

Background

The Company has recently amended its Performance Rights Plan, to be renamed "Share Rights Plan" (**Plan**) to allow each Non-Executive Director of the Company (**NED**) to sacrifice a percentage of their director fees into NED Rights (the terms of which are detailed below) (**NED Scheme**). A copy of the updated Plan Rules is available on the Company's website www.codan.com.au.

The Company established the NED Scheme, as a component of the Share Rights Plan, to assist NEDs in building their share ownership in the Company, including for the purpose of meeting the minimum shareholding requirements in Codan's Directors Shareholding Policy.

Under ASX Listing Rule 10.14, shareholder approval is required for the acquisition of new equity securities by a director under an employee incentive scheme. Approval is therefore sought for the acquisition by NEDs of NED Rights under the terms of the Plan.

If shareholder approval is not obtained, the Company will either, at its discretion, proceed with the grant of the NED Rights on terms that require shares to be bought on market to satisfy the NED Rights at the time of allocation (in which case Exception 10.16(b) of the ASX Listing Rules will apply), or not proceed with the offer of NED Rights and the NEDs will receive their director fees in cash in the usual way.

Details of the proposed grant of NED Rights

1. Under the NED Scheme, NEDs may voluntarily elect to sacrifice between 20% and 100% of their pre-tax annual **Total Director Fees** (excluding superannuation) or part thereof dependent on when an offer is made (**Participation Amount**) for a period to be determined by the Board (**Participation Period**). Typically, the Participation Period will be 1 July to 30 June, however subject to approval of this resolution, the Company may offer the NEDs the opportunity to participate in the NED Scheme for the remaining portion of the current financial year (**FY25 Offer**), with the Participation Period for the FY25 Offer to commence on or around 4 November 2024 and end on 30 June 2025.
2. Elections for each Participation Period will be made by Participating NEDs annually on a date to be determined by the Board.

3. In return, NED Rights will be granted on a date to be determined by the Board (**Allocation Date**), based on the Participation Amount. Typically, the Allocation Date will be on or after the date that is 5 days after the date the Company releases its full year results in or around August, however, the Allocation Date for the FY25 Offer (if offered) will be on or around 4 November 2024.
4. The NED Rights for the relevant Participation Period will become exercisable into fully paid ordinary shares in the Company (**Shares**) when the Company releases its half year results in or around February each year (**Conversion Date**) subject to the relevant NED continuously holding their position as a NED from the Allocation Date to the Conversion Date.
5. The Shares allocated will be subject to **Disposal Restrictions (Restricted Shares)** for the duration of the Restriction Period during which time they shall be held in the Codan Executive Share Plan Trust (**Share Trust**). See below for relevant information on restrictions.

Calculation of NED Rights

The number of NED Rights that a NED will receive will be calculated as:

$$\text{Number of NED Rights} = \frac{\text{Total Director Fee allocation}}{\text{Value per NED Right}}$$

Where:

- Total Director Fee allocation is the amount sacrificed by NED in dollar value of the NED's pre-tax director fees (excluding superannuation) for the relevant Participation Period; and
- value per NED Right is the 5-day volume weighted average price (**VWAP**) of the market price at which Shares were traded on ASX over the period to be determined by the Board (**VWAP Period**). Typically, the VWAP Period will commence on the date the Company releases to the ASX its full year results and end 5 business days later. For FY25 the VWAP is \$14.9917.

The key terms of the NED Rights are as follows:

Entitlement

Each NED Right is a right to acquire one Share for nil consideration, subject to the relevant NED continuously holding their position as a NED from the Allocation Date to the Conversion Date.

NED Rights are unquoted and non-transferable. They do not carry any dividend or voting rights prior to allocation of Shares.

Issue price and exercise price

No consideration is payable by a NED on the granting of their NED Rights (other than the fees sacrificed as set out above). Each NED Right will have a nil exercise price.

Bonus issue and capital reconstruction of the Company

The number of Shares to which participating NEDs will become entitled on exercise of the NED Right will be adjusted to take account of any bonus issues, rights issues or reconstructions which the Company undertakes between the date of grant of the NED Rights and the exercise of those rights.

Cessation of appointment

If a NED ceases to be a NED:

1. after the commencement of a Participation Period, but prior to the relevant Allocation Date, the NED will be refunded the full amount that they had already contributed to acquire the relevant NED Rights (subject to any deductions required to be made by the Company by law) on the date of cessation.
2. after the relevant Allocation Date but prior to the Conversion Date, they will be entitled to retain a pro-rata amount of their unvested NED Rights based on the amount they have already contributed during the relevant Participation Period. Any retained NED Rights will become exercisable on the date of cessation and lapse 30 days after the date of cessation, and any remaining NED Rights will lapse immediately.
3. after the relevant Conversion Date but prior to the end of the relevant Participation Period (such that the NED has had Rights convert to Restricted Shares that represent a Participation Amount to which the NED has not contributed), then, unless the Board determines otherwise:
 - a. where the NED is entitled to receive a payment from the Company upon ceasing to be a NED, the NED agrees that their payment in respect of termination/cessation may be reduced by the Participation

Amount outstanding at the time they cease to be a NED; and

- b. where the NED is not entitled to any payment described in 3(a), or where any amount payable described in 3(a) is insufficient, the NED agrees to pay to the Company an amount equal to the Participation Amount outstanding at the time they cease to be a NED; and
- c. where the NED fails to pay the required amount pursuant to 3(b) the NED irrevocably and unconditionally agrees that it shall forfeit their entitlement to the Restricted Shares pro-rata to the Participation Amount outstanding and the Company may retain the Restricted Shares in the Share Trust and deal with them in any way it deems appropriate.

Restrictions on the disposal of Shares

A NED's Restricted Shares (as allocated on the Allocation Date), shall be subject to disposal restrictions. NEDs will not be able to deal or trade in Restricted Shares until such disposal restrictions lift. The disposal restrictions in respect of the Restricted Shares shall lift on the earlier of the date:

- the NED ceases to be a director of the Company;
- an 'Event' (as defined in the Plan Rules) occurs, such as a takeover offer or scheme of arrangement; or
- that is 15 years from the Allocation Date.

(Restriction Period)

After the Restriction Period, a NED can choose to:

- sell some or all of their Shares;
- transfer some or all their Shares out of the Plan; or
- continue to keep the Shares in the Plan,

and will be responsible for all of the costs associated with selling or transferring their Shares.

No other disposal restrictions apply to Shares allocated to NEDs, other than as may apply by law and subject to the Company's Share Trading Policy.

Other information required by the ASX Listing Rules

Only NEDs are entitled to participate in the NED Scheme. Currently, the Company's NEDs are Mr Graeme Barclay, Ms Sarah Adam-Gedge, Mr Heith Mackay-Cruise and Ms Kathryn Gramp, who are all directors for the purpose of ASX Listing Rule 10.14.1.

Details of each NED's total remuneration package (including superannuation) for the FY25 year, following an external benchmarking exercise being completed, are set out below. These FY25 fees are inclusive of Committee chair and Committee member roles for each director.

Director	FY25 Fees (inclusive of superannuation)
Graeme Barclay (Chair)	\$250,000
Sarah Adam-Gedge	\$140,000
Heith Mackay-Cruise	\$140,000
Kathryn Gramp	\$165,000

The number of NED Rights proposed to be granted to the NEDs in the next three years cannot be calculated at present, as it is subject to individual elections as well as the future Company share price.

The maximum potential value that could be calculated per annum is equal to the aggregate NED fee cap approved by shareholders at the relevant time, less the NEDs' superannuation contributions. For FY25, assuming that Resolution 5 is passed, this would be \$1,200,000 less the NED's superannuation contributions. The actual value of NED Rights granted on an annual basis will be lower than this, as the aggregate annual NED fee cap is not paid out each year, not all NEDs may necessarily elect to participate in the NED Scheme, and those who do may elect to sacrifice less than 100% of their director fees.

No loans will be provided in connection with grants of NED Rights under the NED Scheme.

The NED Rights will be granted no later than three years after the date of the meeting.

As the NED Scheme is subject to shareholder approval, no NED Rights have previously been granted to NEDs under the Plan. In addition, none of Mr Graeme Barclay, Ms Sarah Adam-Gedge, Mr Heith Mackay-Cruise or Ms Kathryn Gramp have previously been granted rights or Shares under the Plan. The rights and Shares under the Plan which have previously been granted to Mr Alfonzo Ianniello, the Managing Director and Chief Executive Officer of the Company, are set out in Resolution 3 above.

Details of any NED Rights granted in any given financial year will be published in the Annual Report for that year, along with a statement that approval for the issue was obtained under ASX Listing Rule 10.14. Any additional persons covered by ASX Listing Rule 10.14 who become entitled to participate in an issue of securities under the NED Scheme after the resolution is approved and who were not named in the notice of meeting will not participate until approval is obtained under that rule.

Directors' Recommendation

As the NEDs have an interest in this item, the Board has refrained from making a recommendation in relation to Resolution 4.

Resolution 5 – Remuneration of Non-Executive Directors

Background

The current maximum aggregate amount of remuneration payable to Non-Executive Directors (**NEDs**) (being an amount of \$850,000) was approved by shareholders at the Company's annual general meeting held on 18 November 2010 which amended an amount prescribed in the Company's Constitution (**NED Fee Pool**).

The aggregate remuneration of the Company's NEDs for FY25 is \$695,000 inclusive of superannuation and Committee roles.

Notwithstanding current NED fee levels are within the limits of the NED Fee Pool, the Board is seeking approval to an increase in the NED Fee Pool in accordance with ASX Listing Rule 10.17 (which requires that an entity must not increase the total aggregate amount of directors' fees payable to all of its non-executive directors without shareholder approval).

No NED has been issued any securities under ASX Listing Rule 10.11 or ASX Listing Rule 10.14 with the approval of shareholders of the Company within the preceding 3 years.

Reasons for proposed increase

The Board considers that it is reasonable and appropriate to seek an increase to the NED Fee Pool for the following reasons:

- The NED fee pool has not been increased since 2010, and currently the headroom between current fee levels and the pool maximum amount does not provide sufficient flexibility for the future;
- An external benchmarking of NED fees has recently been completed and NED fees for FY25 have been increased in line with this benchmarking;
- To acknowledge and reflect the size of the current Board with 4 non-executive directors and the need for flexibility to potentially add additional Board members with the necessary skills in the future; and
- To allow NED fees to be adjusted to market comparable rates to ensure that the Company can attract and retain the calibre of experience and skill sets it requires at Board level.

Accordingly, pursuant to ASX Listing Rule 10.17 and clause 9.9(a) of the Company's Constitution, the Board is seeking shareholder approval to increase the NED Fee Pool by \$350,000 resulting in a new NED Fee Pool of \$1,200,000. If shareholder approval is not obtained, the Company will not increase the NED Fee Pool.

Directors' Recommendation

As the NEDs have an interest in this item, the Board has refrained from making a recommendation in relation to Resolution 5.
