

8th October 2024

Codan recently had the privilege of participating in a lunch service at Hutt St Centre, working alongside the dedicated volunteers in the kitchen and dining area, preparing and serving nutritious meals to individuals who are facing challenging circumstances.

This is Codan's second consecutive year supporting Hutt St Centre's lunch service. Our employees value having the opportunity to engage in meaningful experiences like this, deepening the connection with, and knowledge of the organisations we proudly support.

Thank you for having us again, Hutt St Centre!
