

1 September 2026

We're pleased to announce the commencement of Kayi Li as Codan's Chief Financial Officer.

Kayi brings nearly two decades of experience across the Codan Group, having joined in 2007 and holding a range of senior finance roles including Deputy CFO, Group Financial Controller and responsibility for Investor Relations.

She has been a valued member of Codan's leadership team for several years, and has played a key role in supporting the Group's financial governance, investor engagement and operational performance.

Kayi has helped shape financial strategy and operational execution, and contributed to the continued development of the finance function as the organisation has expanded internationally.

We look forward to Kayi's leadership in the role.
